

Gift card

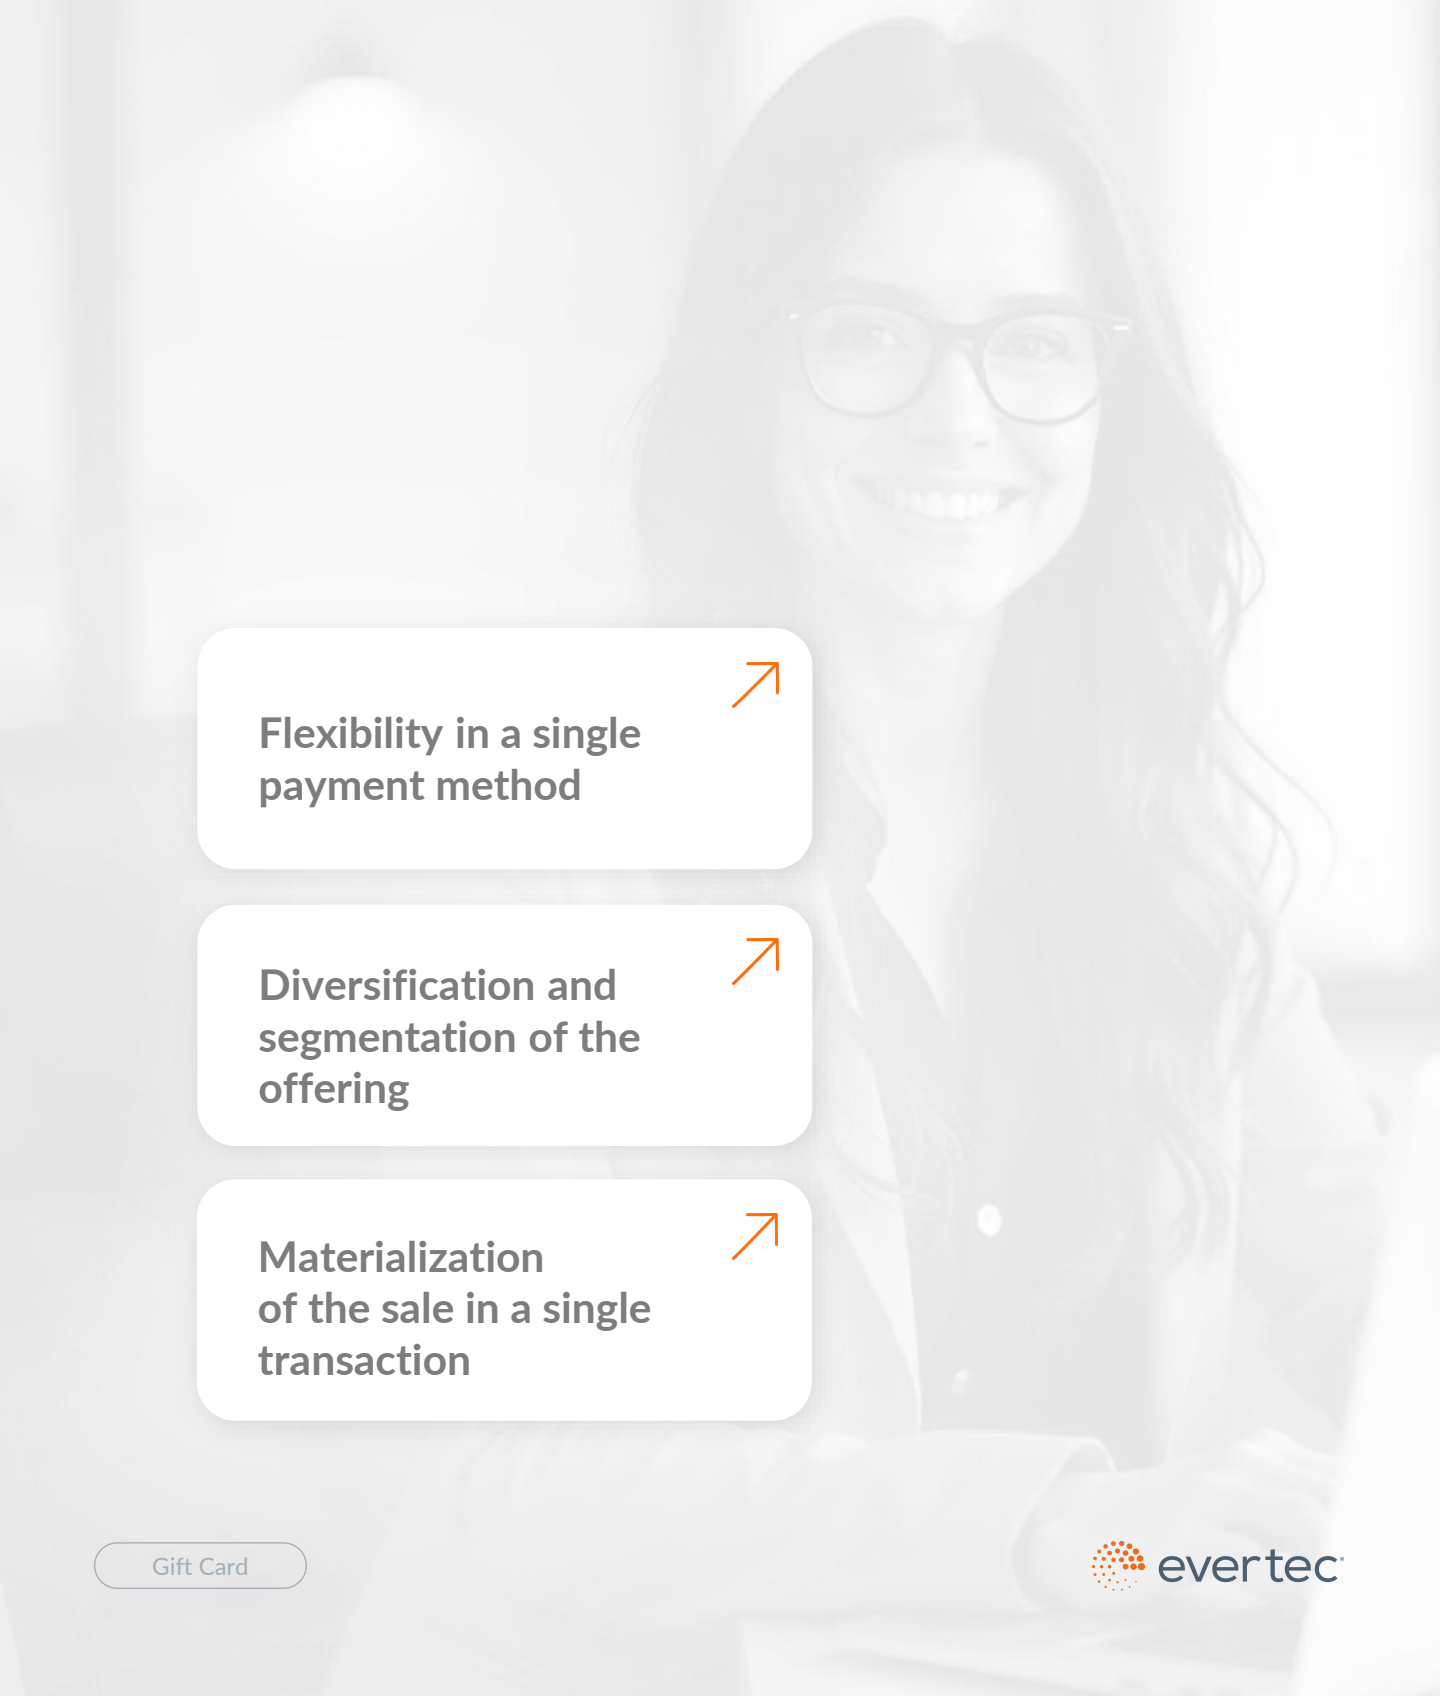

Diversify your commercial offering with a prepaid payment instrument, securing upfront revenue and strengthening your relationship with your users.

• Gift Card

A prepaid instrument that allows you to generate future sales, strengthen customer relationships, and capture new market segments.

It also improves cash flow and offers a flexible consumption alternative.

**Flexibility in a single
payment method**

**Diversification and
segmentation of the
offering**

**Materialization
of the sale in a single
transaction**

Gift Card
