

Neartopay

Transforms mobile devices into
secure and easy-to-use payment
acceptance tools.

evertecinc.com

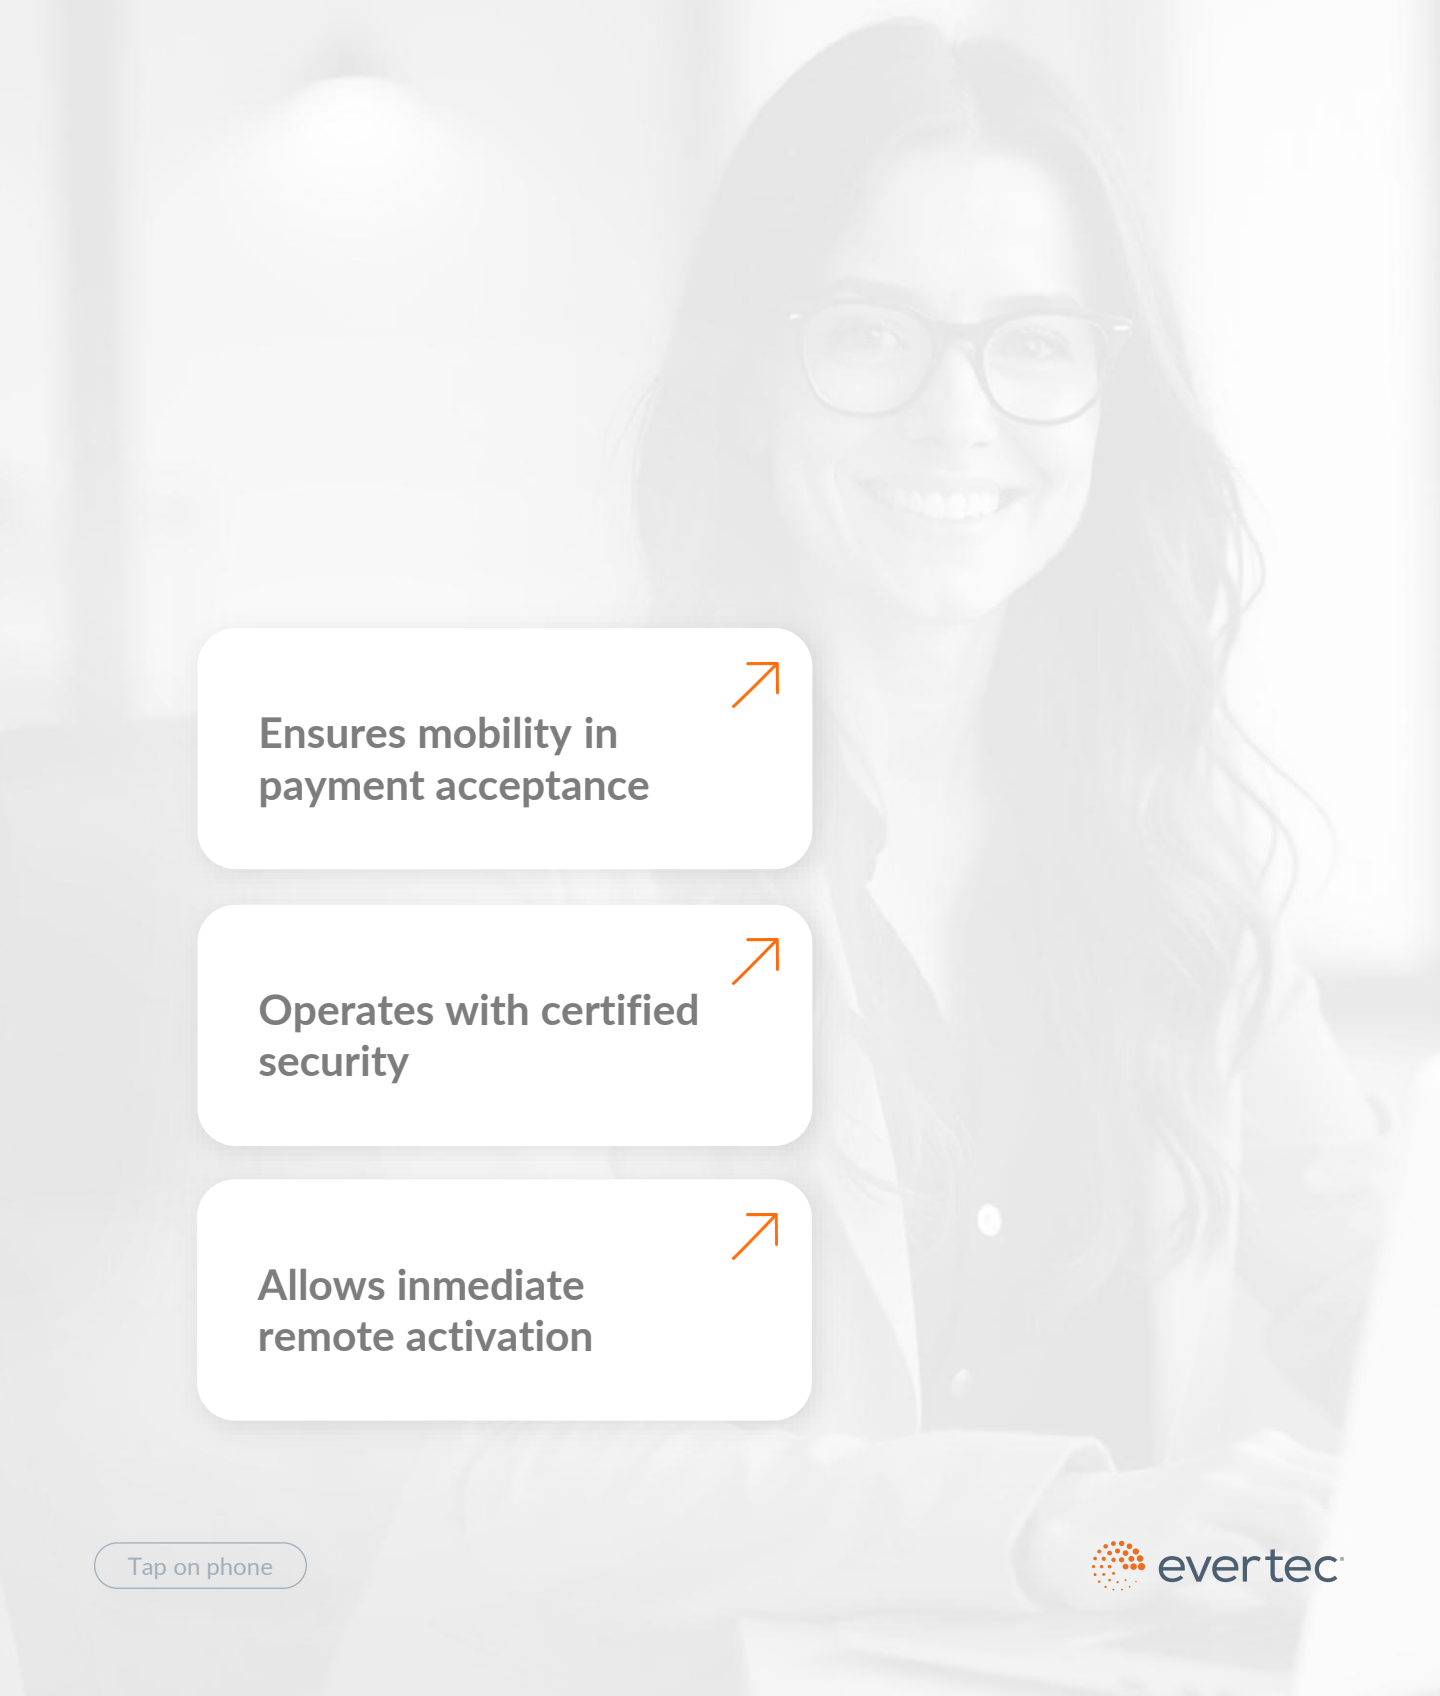

- # Neartopay

A solution that enables merchants to accept credit and debit card payments through a mobile application downloadable on smartphones.

The device operates as a point-of-sale terminal, without the need for additional equipment.

Tap on phone

**Ensures mobility in
payment acceptance**

**Operates with certified
security**

**Allows immediate
remote activation**

A solution that makes a difference

- ✓ **Compatible** with Android and iOS operating systems.
- ✓ **Includes intuitive self-registration** and digital onboarding with document upload through the app.
- ✓ **Reduce costs associated** with traditional physical terminals.
- ✓ **Allows adding products** and managing price lists, which can then be added to the shopping cart.

Merchant benefits

- ✓ **Enhances customer** interaction by offering sales processes that are completed in seconds.
- ✓ **Provides 24/7 access detailed reports**, transaction history, statements, and reconciliations through the app.
- ✓ **Processes contactless cards** (international brands), smart cards, and debit cards with PIN.
- ✓ **Includes post-sales support** under service level agreements (SLA) and ticket management.
