

B2B Solutions

An integrated ecosystem
connecting suppliers, distribution,
and B2B customers on a single
platform.

evertecinc.com

Advantages that drive your business

B2B Suppliers: connect your company with all your suppliers on a single platform.
Align business objectives, share product management, and streamline operations.
Automate commercial, financial, and logistics processes.

ECM B2B & Marketplace: sell through the B2B channel on a platform designed to scale.
Support your field sales force and activate B2C sales when needed.
Enable a Marketplace model where suppliers and buyers operate within the same environment.

B2BLINK: seamlessly Exchange machine to machine information between a supplier and all your customers' B2B portals and marketplaces.
